MY CURRICULUM

Personal Profile

I am a young game designer with great communication and problem solving skills; I love to work in teams and I try to create a relaxed work environment around me

Career Summary

Game Designer

Digital Bros Game Academy
August 2020 to August 2021:

- Delivering Game Design tasks, such as economy, UI, sound, ecc...
- Keeping the team's tasks up to date
- Ensuring communication between team members

Other Jobs

Before finding this inspiration for game design, i did some minor jobs
From 2016 to July 2020:

- Logistic Services
- Salesman
- Real Estate Salesman
- Access control (Covid-19)

- Learned about different working environment
- Acquired various personal skills
- Exercised problem solving
- Explored different perspectives

Educational Training

Digital Bros Game Academy

Graduation Certificate in Game Design
August 2020 to August 2021

This Academy uses a "hands on" approach; I had 6 to 8 hour classes 3 days a week and the rest of the week days were us students working on projects to simulate a real workplace.

Science Highschool (Liceo Scientifico GB Benedetti)

Scientific High School Diploma

- Scientific High School gave me a good overall knowledge
- Took the "Informatics" course, learned C++ basics
- Took the first part of ECDL, passed the exam on internet security

Achievements And Certifications:

- C1 English Language Certificate
- Driver License (B2)
- Begineer ECDL
- Scientific Diploma
- DBGA Game Design course completion

Personal Background:

Born in Venice, after earning my Diploma I tried to look around and find my calling; after a few years of wandering i found the DBGA and attended to a whole year of formation; i moved to Milan for the academic year and i am willing to move out if the job requires it
